Affordable low cost business IT support and services

The IT Guy is an IT support company focused on providing the very best IT support for small to medium sized businesses all across the UK. Our customers range from award winning estate agents right through to large cleaning firms.

Our passion is our customers. That's right. It's not the tech (ok maybe a little bit) but we get a kick out of resolving our customers issues and providing them with the technology to enable their company to grow and achieve – that's what really makes us happy. What makes our customers happy do I hear you ask?

what our clients say

Striaght from the horses mouth

Michael Antony Estate Agents

Chippenham

"The IT Guy have been absolutely brilliant in keeping our office computers running smoothly. They are always quick to respond to and to deal with any technical issues we may have and their straightforward advice over the telephone is always very helpful. A brilliant and friendly team to have supporting us and we would highly recommend them every time."

Anthony Pepe Estate Agents

London

"Since 2011, The IT Guy have supported us and all our branches. They have helped us introduce modern technology and cloud solutions to the business, which have enabled us to grow and open new branches with ease. They are always on the end of the phone if we need them and quick to respond. We look forward to continue working with The IT guy in the future, and with their help, expand and grow even further."

First Move Estate Agents

Wiltshire

"The IT guy have been instrumental in helping us connect our 2 branches. We can now share information easily across both branches and when we are out conducting viewings we have all the information at our fingertips. They managed to sort all this out for us and save us money in the process! We would highly recommend them to any agency of any size."
